A message to the third man in my life.

Listen. I'm a single mother with two boys, and I love them very much. Yes, I like to date, but I need to tell you that I'm taking precautions against AIDS. In fact, if you shoot drugs or have a problem with wearing a condom, I suggest you stay away from me. Sure I want a man to share my life with. But also I love myself and my boys too much to make any mistakes.
